A DIVISION OF OCEAN STATE INNOVATIONS

The Curv® Tactical Advantage

- Puncture resistant
- Flexes repeatedly without fatigue or failure
- Holds fasteners without pull through
- Maintains its strength in extremely low temperatures

- Does not crack
- Sew-able
- Waterproof
- Thermoformable

Matte Black

.5mm, .7mm, .9mm, 1.4mm

Coyote and Ranger Green

.6mm, .8mm, 1.0mm, 1.56mm

Use Curv® Tactical as a durable lightweight stiffener in protective vests, MOLLE attachments, belts, harnesses, holsters, and backpacks. Curv® Tactical is so tough that it can handle the impact taken by everything from protective guards and pads to anti-ballistic armor.
